

NEXFORD IT

Website UI/UX Brief

For Designer & Developer Handoff

Version 3.0 · 2025 · Confidential

nexfordit.com · Dhaka, Bangladesh · info@nexfordit.com

01 — Project Overview

This document is the official UI/UX design and development brief for the Nexford IT website. It covers all page specifications, brand application rules, content structure, and build priorities. The developer and designer must treat this as the single source of truth for all design and implementation decisions.

Item	Detail
Company	Nexford IT
Domain	nexfordit.com
Hosted on	Hostinger
Primary audience	Australian business owners & tradespersons seeking IT, digital, and operations support
Secondary audience	Prospective Dhaka-based team members
Total pages	5 pages: Home · About Us · Services · Why Us · Contact
Primary CTA	Book a Free Consultation
Secondary CTA	WhatsApp us
Device priority	Mobile-first, then desktop
Language	English (Australian spelling)

02 — Brand Identity Summary

All design decisions must strictly adhere to the Nexford IT Brand Guidelines (Version 1.0, 2025). Key rules are summarised below.

Colour Palette

Colour	Hex	Role & Usage
Terracotta	#C0623A	Primary / Action — headings, CTA buttons, accent lines, logo mark
Ivory	#FAF6F0	Base / Background — all page and card backgrounds
Espresso	#2C1A0E	Anchor / Text — all body copy, borders, dark structural elements
White	#FFFFFF	Secondary background for digital interfaces only

Typography

Element	Font	Size	Weight
Page / Section Title	Georgia (serif)	36pt / 2.25rem	Bold
H1 — Section Heading	Georgia (serif)	18pt / 1.125rem	Bold
H2 — Sub-heading	Georgia (serif)	14pt / 0.875rem	Bold
Body Text	Calibri	11pt / 0.9rem	Regular
Captions / Labels	Calibri	9pt / 0.75rem	Regular / Italic
Tagline / Pull Quote	Georgia	13pt / 0.8rem	Italic

Logo Usage

- Primary: Espresso N-mark + NEXFORD IT wordmark on Ivory background
- Reversed (dark backgrounds): Ivory mark on Espresso or Ivory on Terracotta
- Minimum width: 80px digital / 25mm print — never stretch, rotate, or distort

Tone of Voice

- Confident and direct — no jargon overload
- Warm but professional — never cold or stiff
- Results-focused — every claim is grounded
- Australian English spelling throughout (authorised, optimise, recognised)

USP Strip — 3 Pillars

USP	Label	Sub-text
1	Performance-Aligned Partnerships	We price for results, not hours. Your growth is our metric.
2	Fluent in the Australian Market	We understand AU standards, compliance, and business culture.

3	Documented. Transparent. Accountable.	No hidden markups. Everything in writing. Always.
---	---------------------------------------	---

03 — Site Architecture

The website consists of exactly five pages. Navigation is flat — no dropdowns in MVP. The nav bar is persistent and sticky across all pages. The footer appears on every page. There is no Industries page.

#	Page	Primary Purpose	Build Priority
1	Home	Hero, USP strip, 8-service snapshot grid, social proof, CTA band	P1 — MVP
2	About Us	Founder story, mission, vision, team, brand values	P1 — MVP
3	Services	Full service catalogue — 9 verticals with detailed card descriptions	P1 — MVP
4	Why Us	Competitive differentiators, proof points, trust signals	P1 — MVP
5	Contact	Enquiry form, email, WhatsApp, location, response time	P1 — MVP

All five pages are MVP — all must be live on launch day. Supporting pages (Privacy Policy, Terms of Service, 404) to be completed within two weeks of launch.

04 — Service Verticals Overview

Nine service verticals are offered. Each appears as a detailed card on the Services page. The Home page shows a compact 3×3 icon grid preview of all nine with a 'See All Services' link.

#	Service Vertical	Home Page Teaser (1 line)
1	Digital Growth	Performance-driven marketing across Google, Meta & TikTok.
2	IT Consultancy	Strategic tech advisory — systems, gaps, and clear roadmaps.
3	Operations & Project Management	End-to-end coordination — on time, on budget, documented.
4	Social Media Management	Full account management — engagement, growth, scheduling.
5	Designing & Branding	Brand identity and creative assets that make you stand out.
6	PPC (Pay-Per-Click)	Targeted paid ads — every dollar tracked, every result reported.
7	Back Office Support	Admin, HR, operations, and compliance — handled remotely.
8	R&D / Research & Development	From idea to execution — structured research and prototyping.

9	Product Development	End-to-end product design, engineering, and market entry support.

05 — Page-by-Page Specifications

5.1 Home

Section	Content & Design Notes
Hero	Full-width. Espresso background. Georgia headline in Ivory. Tagline: 'Run Smarter. Scale Faster.' Terracotta CTA button. Minimal geometric Terracotta accent — no photography in hero.
USP Strip	3-column icon strip. Labels from Section 02 above. Ivory background. Flat Terracotta line icons. Espresso text.
Service Grid	3×3 card grid. Each card: flat icon + vertical name + 1-line teaser. Ivory background, Espresso border, Terracotta icon. 'See All Services' CTA links to Services page.
Social Proof	3 stat blocks (e.g. 'Australian clients served', 'VEU-compliant operations', 'Remote team, global delivery'). Clean, minimal. No fabricated testimonials.
CTA Band	Full-width Terracotta background. Georgia headline Ivory. 'Book a Free Consultation' button. WhatsApp secondary link below.

5.2 About Us

Section	Content & Design Notes
Founder Story	3–4 paragraph narrative. Managed services background. Australia-facing operations from Dhaka. Authentic — no fabricated credentials.
Mission	Pull quote style. Georgia italic 13pt. Terracotta left-border rule (4px). Ivory background.
Vision	Same treatment as Mission. Separate block.
Team	Minimal cards: Name, Title, Location. Line-art avatar if no photo. Remote-first emphasis throughout.
Values Grid	4–6 values. Flat Terracotta icon + bold label + 1-line description. Ivory background, clean grid layout.

5.3 Services Page

The Services page presents all nine verticals as detailed individual cards — one per vertical, displayed in a vertical stack or a 2-column masonry grid on desktop. Each card follows the same structure: vertical name (Georgia bold, Terracotta), a 1–2 line description, and a bullet list of specific inclusions. A Terracotta left-border (4px) runs the full height of each card.

Card Layout Rules

- Desktop: 2-column grid. Mobile: single column stack.
- No tabs, no accordions, no collapsible sections in MVP — all cards fully visible.
- Each card: 24px padding, 8px border radius, Ivory background, Terracotta 4px left border.
- Card title: Georgia 18pt bold, Espresso. Tagline: Calibri 11pt italic, muted. Bullets: Calibri 11pt, Espresso.
- Bullet icon: Terracotta arrow (→) or Terracotta solid dot.

Service Card Specifications

01. Digital Growth

Performance-driven digital marketing across Google, Meta, and TikTok. We generate traffic that converts — not just impressions.

- Monthly analytics report — reach, engagement, follower growth

05. Designing & Branding

Brand identity, visual design, and creative assets that communicate who you are and why you are the right choice for your clients.

- Brand identity development — logo, colour palette, typography, brand guidelines
- Marketing collateral — brochures, flyers, pitch decks, and one-pagers
- Social media graphic templates (branded, reusable, platform-optimised)
- Ad creative design for Google Display, Meta, and LinkedIn
- Website UI design mockups and component libraries
- Brand audit and refresh for existing businesses

06. PPC — Pay-Per-Click Advertising

Targeted paid advertising campaigns engineered for cost-efficient lead acquisition. Every dollar tracked, every result reported.

- Google Ads campaign setup — Search, Display, and Performance Max
- Meta Ads — Facebook and Instagram campaign management
- Keyword research, negative keyword strategy, and bid management
- Ad copywriting and creative briefing aligned to brand tone
- Conversion tracking setup (GA4, Meta Pixel, LinkedIn Insight Tag)
- Weekly performance reporting — impressions, clicks, CPC, conversions, ROAS
- Ongoing A/B testing and continuous campaign optimisation

07. Back Office Support

We handle the operational backbone of your business — from administrative coordination and HR management to operations oversight and project tracking — so you can focus entirely on growth.

- Administrative coordination — scheduling, correspondence, data entry, and filing
- HR support — staff records, onboarding documentation, and leave management
- Operations oversight — workflow tracking, reporting, and process compliance
- Customer pre-qualification and lead intake management
- Compliance lodgement and regulatory documentation (AU market standards)

- Invoice processing, basic bookkeeping support, and accounts coordination
- CRM data management and maintenance

08. R&D — Research & Development

Research, prototyping, and iterative product development support. We help you move from idea to execution with structured rigour.

- Market research and competitive landscape analysis
- Industry trend monitoring and opportunity identification
- Concept development and feasibility assessment
- Prototype development and iterative testing support
- Research documentation and findings reporting
- Cross-functional collaboration between creative, tech, and operations teams

09. Product Development

Every great product starts with a spark of inspiration and a lot of hard work. We help you navigate the full journey from concept to market.

- Product ideation workshops and concept validation
- Product roadmap development and milestone planning
- Engineering and manufacturing coordination support
- Go-to-market strategy development
- Supplier and vendor liaison for product sourcing
- Product launch planning and execution support
- Post-launch feedback loops and iterative improvement cycles
